Hi Curt,

I have heard back from the Information Management Team regarding your question on SEMS deployment.

The information is: EPA is continuing to work thru technical issues with our major system migration and apologize for the delay.

I do anticipate that the red error message you see will be updated.

Thanks,

Stephen L. Tzhone

Hi Curt,

Thanks for the email. Your question is valid and I have requested clarification from the Information Management Team.

I'll let you know once we receive the information, thanks.

Thanks,

Dear Stephen,

Please see the error message in red on attached screen shot found at <http://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0600124> which states:

"The Superfund Program is in the process of deploying a new information system, the Superfund Enterprise Management System (SEMS) which is replacing CERCLIS. CERCLIS was frozen as of November 12, 2013. Updated data will become available in early 2014 when SEMS is fully operational."

Can you tell me when the "Superfund Enterprise Management System (SEMS)" with its "updated data will become available in early 2014" as the site states?

Thank you.

Curt Grisham
